MOURNING Boston, March, 16.—There is a very general suspension of business to-day, and all the public schools are closed.

THE CAUSE OF MR. SUMNER'S DEATH. The autopsy of the body of Senator Sumner was made by the physicians this morning, and made public, as follows "The left carrotid artery in a considerabl portion of its length was so much ossified that its caliber was diminished at least one-half. The right carrotid was considerably enlarged. The cavities of the heart N. MERRILL,

were dilated, especially the lower third of the left ventricle. The walls of this ventricle were generally thinner than usual, especially so at a point about an inch and a half from the apex, over a space twothirds of an inch in diameter. In the vicinity of this were several small clots of blood, some of which had probably formed before death. Nothing abnormal was

found in the brain or other organs." Dr. Brown-Sequard says no traces of the assault committed by Brooks were discovered in the brain. The obsequies of Senator Sumner took place at half-past three this afternoon. The remains were conveyed from Doric Hall in a hearse drawn by four black

horses, with a guard of mounted state constables. The procession included the executive and legislative authorities, the Congressional committee, United States official and municipal authorities. The pall-bearers were ex-Govs. Clifford, Bulock, Claffin and Gov. Washburn, ex-Chief Justice Bigelow, N. P. Banks, Robert Railroad Car Trimmings Winthrop, Charles Francis Adams, J. G. Whitters and Ralph Waldo Emerson. As the casket passed from the hall Baldwin's band played the Dead March in Saul. Cor. Clinton & Oregon, Sts.,.. At the base, in a bed of white violets, were the words, "A tribute from his native city and words, and the words, and the words, and the words, are the words, and the words, and the words, and the words, are the words, and the words, home." At church, after the organ pre-lude, Rev. Mr. Foote recited the passages: "I am the resurrection," etc., and I know my Redeemer liveth." The choir sang to 'O. Lord. I yield my spirit," and with alternate reading and chanting the services were concluded and the benediction pronounced. The cortege moved to Mount Auburn, and after the recital of the Lord's

prayer and music from the Apollo Club, the last sad rites were performed to the remains of the honored son of Massachu-NEW YORK, March 16.—The Tribune to-morrow, in a leading editorial, favors

London, March 16.—There was a great crowd of French people at Chiselhurst to-day, to celebrate the eighteenth anniversary of the birth of the Prince Louis Napoleon. Over 6,000 cards of admission were issued, and these to French citizens only. In the morning mass and thanksgiving services were held; after which the Duke of Padua addressed the Prince in the name of the people of France, congratulating him upon attaining his majority. The Prince, in reply, returned thanks to his countrymen for their faithful remembrance of the late Emperor, and in conclusion said: "Despite West Water St., President MacMahon, an irresistible current of public opinion has pronounced in favor of the plebiscite. I am ready to accept its verdict." Great enthusiasm was manifested, and Camden House was gaily decorated. Among the prominent French-men present were Ollivier and Rouher, and the Duc de Grammont.

DIXON'S

Carburet of Iron

After forty-five years this celebrated article is still acknowledged to be the best in market. It lasts longer on the stove, requires less labor to produce a brilliant polish, has no smell, is neat and clean to use, and more economical than other kind. It makes a parlor cheerful and a kitchen look neat. No amily will be without it after having used it once. Dixon's Black Lead Crucibles. Plumbago in Bulk for Stove Dealers.

Plumbago, for Lubricating, finest grades. Send for samples. DIXON'S PENCILS!

Dixon's American Graphite Pencils,

FOR OFFICE, DRAWING AND SPECIAL USES. A New Lead Pencil

Of the finest quality, and all grades, from the softest up.

The peculiarity of these pencils consists in their being uniform and reliable, soft, smooth, very black, holding the point in wear; the mark clear and perfect, but easily removed by the rubber; the lead tenacious, the wood old and soft, the finish perfect; pleasant to use, they are wholly American, and no discriminating person will be without them after a trial.

Explanation of grade stamps (copyrighted) on Dixon's Graphite Polygrade Pencils;

S. "Soft".—For heavy work on soft paper; or for directing parcels; too soft for the pocket or general use. S. M. "Soft Medium."—For general commercial or pocket use; very smooth. M. "Medium."—For the accountant's desk, reporters, banks, and all uses where a smooth, black pencil is wanted that will last well in fine work. H. "Hard."—For architects, civil engineers, draughtsmen, &c.; a very five clean line. V. H. "Very hard."—For the finest lines. All these grades yield easily under the rubber. It must be remembered that different hands require different grades of pencils, the same as they i quire different pens. The "S. M." will suit some parties for the uses set down for the "M." and the "M." suit many hands for general use. We find that even Stenographers differ, some requiring a softer pencil than others. The "M." was specially designed for them, and suits the majority, as it does the majority of Accountants in Banks and Offices, but the "S. M." is popular for general use. Samples free,
